## Economic Development and Business Assistance

Economic Development and Business Assistance in Miami Beach is coordinated by the Office of the City Manager, in partnership with the Community Resource and Outreach Team. The Office of the City Manager is the City's primary contact for new and existing businesses and investors, focused on identifying and meeting the various needs of local businesses. 305.673.7010.

### Market Research

The Office maintains a database of key economic indicators and market research, including local business inventories and densities, real estate sales, private capital investment; resident and visitor demographics; visitor behavior and spending patterns; hotel occupancy and rates; employment and unemployment; and food, alcohol and hotel room sales activity. In some cases, information is not only available for the City, but also by neighborhood and business district.

# **ENTERPRISE ZONE BENEFITS**

An **Enterprise Zone** is a specific geographic area targeted for economic revitalization. Enterprise Zones encourage economic growth and investment in distressed areas by offering tax advantages and incentives to businesses locating within the zone boundaries. www.floridaenterprisezone.com
